JOYCE.
THE BATHROOM WITH APPS.

Always new. Always different. Always Joyce.

Welcome to the bathroom of a thousand possibilities!

Joyce is the first bathroom collection with Apps – exchangeable accessories that you can use to change your bathroom to your heart's content. Whether as a vase or stackable bowls, the different Apps can be used individually and help keep your home neat and tidy.

However, Joyce is more. The matching furniture also allows lots of scope for creativity. Various colour variants are available to meet individual requirements. And you can, of course, also team Joyce up with other Villeroy&Boch collections, such as the Loop&Friends baths.

Why not see for yourself!

Welcome to your bathroom!

Your bathroom becomes a room for creativity. With Joyce, you can give it your own very personal touch.

So beautiful. And so practical.

The matching soap insert transforms the App bowl into an App soap-dish set. However, they can also be used for decorative purposes or as practical everyday helpers for storing those little treasures we like to keep but often don't have a place for. Your bathroom will look tidier and also more attractive as you can use the Apps to create individual splashes of colour. Even in the washbasin: with the coloured ceramic valve covers, the so-called Dots, available in the three App colours and in classic white.

So versatile.

The App bowls are available in three different sizes: 30, 60 and 90 mm high. Fitted with the matching lid, the App bowl becomes a container for storing bits and pieces, a jewellery box, a holder for the toothbrush and shaving utensils, etc. The App vases are ideal as small decorative elements – not only in the bathroom. They can also be filled with room fragrances, such as the Villeroy & Boch home fragrance.

Each App also has a magnetic pad on the underside to ensure a secure hold on the washbasin. In conjunction with the magnets that are optionally available for the washbasin, the magnetic pad on the underside of the App also protects the ceramic against scratches.

TIDY AND PRACTICAL. App bowl 30 mm in set with compartments on App bowl 60 mm.

SPIC AND SPAN. Washbasin with vanity unit.

Here, everything matches – you.

Discover our Joyce washbasins in a timeless, attractive design with an extra deep, circular basin – ideal for hand-washing clothing or washing your hair. They are available in three sizes, either with or without App surface. As an option, they can also be fitted with an attractive towel holder.

In all washbasins, the tap can be positioned either on the right or the left. Just like the optional soap dispenser. And, if you like, you can add your very own splash of colour with a ceramic dot in one of the on-trend App colours. Joyce really does leave nothing to be desired.

LIGHTWEIGHT DESIGN. Joyce WC with SlimSeat and bidet.

Surprisingly innovative.

For the first time, thanks to Joyce, you can choose between two different seat variants. In addition to the conventional design, an innovative, streamlined SlimSeat is now available. Fitted with Quick Release, both seat variants are easy to remove and clean. Soft Closing ensures the gentle lowering of the lid.

All the WCs in the Joyce collection: one wall-mounted and three floor-standing variants, are fitted with a water-saving AquaReduct® function that uses just 3 or 4.5 litres of water per flush – yet still offers an optimum flushing performance. In addition, you have a choice between the wall-mounted and the floor-standing bidet.

WHITE OR COLOURED. You decide.

Bathe in colour.

A bathroom in classic white is a wonderful thing – and everyone has one. Now, you can add your own very individual splashes of colour. With the Joyce Touch furniture in on-trend colours. Or opt for the classic colours of the Joyce fronts.

ALUMINIUM HANDLES. Worked into the front.

PERFECT. The vanity units fit flush.

Quality and practicality.

The Joyce bathroom furniture combines design and practicality. The vanity units fit perfectly flush with the ceramic and offer a generous amount of storage space. They feature high-quality craftsmanship and, thanks to their innovative design, the narrow handles that are inset into the front add a certain finesse.

The high-quality, multifunctional cabinet is the highlight of the Joyce furniture collection. Its integrated App surface is used both for dispensing facial tissues and for holding Apps. It offers lots of innovative extras: an integrated twin socket for the convenient connection of a hairdryer or electric shaver, a concealed waste bin and storage space; together, these keep the bathroom neat and tidy.

IT'S ALL THERE. BUT HIDDEN FROM VIEW.
Twin socket, tissue dispenser, waste bin and storage space.
This really is making maximum use of the available space.

Lean back and enjoy some time to yourself. Discover our Apps for the Loop & Friends bathroom collection and look forward to a very special bathroom experience.

Completely individual. Whether you choose a bath with an oval or a rectangular inner form, our Apps are never out of place. A high-quality bath tray with App surface keeps more than just the soap within easy reach. It can also be used to hold the newspaper or a glass of wine. The App bath tray is the ideal solution when whiling away the hours.
