HANSASMARTSHOWER

Daily luxury in the shower: HANSASMARTSHOWER

You won't find a more relaxing shower: with numerous smart-functions and a futuristic design, HANSASMARTSHOWER has superb pampering potential. The flat panel, with a super-fine front plate made from chromed or anthracite-coloured glass (large picture and picture on the right), is not just a beautiful design. All of its functions – the use of the body, hand and head shower, as well as the switching between the various shower heads and water stream settings – are all integrated here.

There are endless ways to vary the daily luxury in this shower at just the touch of a button.

Flexible: you can connect it with a connector to the HANSACUBE shower thermostat or via flexible hoses to each available mixer.

Waterfall as standard: a cascade spout is integrated into the HANSASMARTSHOWER shower head.

HANSASMARTSHOWER product overview

Shower
